Helping
With
LIFE

Our world changed rapidly with the spread of the coronavirus. Schools closed, business shut down, and our ability to meet together was affected as well. Christ's church has always been resilient and we have made adjustments to assure that we continue to provide spiritual care for people as well as looking out for their health and well being.

Jesus had led us through many changes over the past few years and months that came to be of tremendous use.

Our Website was in place to provide lessons for children along with Bible Studies for adults.

Our Social Media was in place providing daily scripture passages and brief devotional thoughts.

Bulletins that include sermon outlines, besides the order of service were in place.

Writing our own material for Bible School and Wednesday that we print onsite.

Changes we were able to quickly make which will continue came fast and furious. Weekly we send out packets to our people with the bulletin, Bible School lesson and Wednesday Studies are provided.

Our social media began to include pictures of our Order of Services & Studies; and video of the Morning Sermons. We also put out "links" to Bible Studies and childrens lessons that can be found on our web page.

We have added for children, a puppet show each week on YouTube that they are notified of through social media or can find on our website as well.

Food Distribution

**Saturday:
April 11th
10 am- 1 pm**

W. Vienna Church

Food Distribution is deemed a vital service and is allowed to continue throughout the coronavirus pandemic. We are taking steps to keep our volunteers and recipients safe and healthy through the process.

Our volunteers are being limited in number to protect them as well as lower the number of people who are gathering.

We are trying to provide ample disinfectant wipes that can be used as necessary.

Sign-ins have changed to reduce several people from handling the clipboards and pens.

Food is left on the pallets, reducing risk of tables being contaminated and spreading the virus.

Recipients are being limited to the number that can be out and exposed at a time.

We were honored to be asked to be part of a group of leaders to look and assure that the community is taking care of their people. This group included: State Rep., Township & City leaders, School Superintendent, Clio Area Human Services as well as Fire and police agencies.
