- 30 Wandering Souls

Sunday Evening

NO EVENING SERVICES IN AUGUST

Remember to pray for
School Administration

STAYING FOCUSED!

The world is constantly changing its focus on what we are to be terrified and reacting to (Covid19; BLM, Defunding, Schools, boycott, words to avoid, mascots, masks, etc.). It seems That every issue is another way that people are divided.

As Christians, it is much easier to experience peace as God's ways and emphasis remains constant: Love GOD, Love Others. Spending time each day with God in prayer and reading His Word, reminds us:

- He is in Control
- He can handle things
- He's helped us in the past
- He is WITH US today
- He will empower us
- He will guide us
- He gives us Hope.

This knowledge and assurance enables us then to focus on holy living and sharing His love with others. We encourage and build one another up, pray for each other, look at issues and see how God can use us to help. We become a part of the solution and a place where people look. We continue to see this happen in our community: area churches, schools, various agencies, and citizens for example.

Through these situations, we are able to provide an example for our families and friends. We can share with them that following Jesus is what helps us not only deal with life, but improve the world around us.

Let's keep growing in Jesus and remain focused on Loving Him!

Food Distributions

Things continue to return to "pre-Covid19" levels in people needing help during these times. We will no longer be having 2 distributions a month sponsored by the Clio Area Ministerial Association. The one distribution that we do offer will be reduced to a "Straight Truck" instead of a semi. We are now opening up to ALL Volunteers being welcome again.

Saturday: August 8

9 – 11 am

New Covenant

We have also been contacted by the Clio Area Schools to see if we can help recruit a couple adults to supervise teens on Wednesday Mornings as they pass out food from local farmers. Volunteers will be needed from 9 am – 1 pm. Please contact Paul for which weeks you can help!

Covid19 put Habitat behind schedule with their goal of two builds in Clio this year. They are presently finishing up a project and will be getting going with a home in Clio. Please keep them in prayer. If you would like to volunteer your time (or know someone who would), let Paul know so he can keep them informed.
