- 13 All United
- 20 King Recognized
- 27 Seeing Jesus

**Sunday Evening**

NO EVENING SERVICES IN DEC

Remember to pray for  
School Administration  
& Carter Middle School

Our State and National leaders follow "science" and their logic. Governors have suggested: closing churches, if do meet, numbers should be limited, don't sing and other restrictions. They have predictions have repeatedly been wrong.

We continue to follow God's guidelines for handling infectious diseases; and His instructions regarding the meeting for worship. God speaks of placing before us an "open door that no one can shut." He has provided health, safety, resources, encouragement and showered us with blessings in 2020. We have seen individuals recover from surgeries, injuries, infections and have been spared from COVID.

God has used us not only as we worshipped throughout the year, but also we continued the Food Distributions without interruptions. God even provided extra resources so during the times of greatest demand, we could offer 2 distributions a month.

When the schools were looking to reopen, they welcomed our prayers. Over 65% of their students returned to face to face instruction and they did not see a COVID outbreak due to their resuming classes.

Government agencies shut their doors, community groups cancelled activities, fund raisers and planned to discontinue helping those in need

this year. Restaurant is closing for 3 weeks and wanted to donate baked goods, eggs and other perishables to a place where they could help those in need. God worked through us, to show where resources could be found, distribution means in place and people will be helped:

**Food:** 2 Food Distributions in Dec.

**Hygiene Supplies:** 200 boxes avbl

**Coats/Shoes:** Available

**Toys for Needy Children:** Available  
Local Businesses and agencies have looked to us to help find solutions. God has given wisdom, guided, and needs have been met.

We have seen our ministry expand through social media and through contacts around the world. "Livestream", daily social media posts, new website for families and new platforms. This has resulted in needs being met, people brought to Jesus, and leaders being trained.

Who but God could have ed us to all these blessings in the year of COVID?

ASK YOURSELF: WHO DO I TRUST TO HELP ME GET SAFELY THROUGH THIS PANDEMIC?

As for our congregation? Well, 2020 has been a banner year for seeing God's blessing, extending influence and making an impact on the lives of those in our community. We will follow GOD!

**Food Distributions**
