

Let God Speak to YOU!
Communication is important in EVERY relationship

We will be completing the Gospel of John. The remainder deals with the Last Supper, Crucifixion and resurrection of Jesus. This is vital material for Christians today, as Jesus speaks to those who are facing unusual and trying times, and helps them to see how to handle those situations.

Take Time to Talk to God!

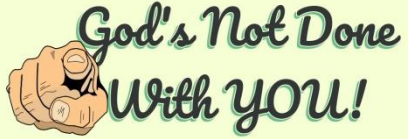

I've heard from various Christians who upon reflection of the year, found that God had blessed them in amazing ways during this year of COVID. They have shared how they have found new ways to minister, additional resources for meeting needs, and more time to develop and equip for service.

We continue to see God answer prayer on behalf of the faithful. It was encouraging to have John back in worship after being hospitalized and then sent to a rehab facility. Others continue to see God help bring them through health concerns. Through it all, God continues to provide the opportunities, resources and workers for the ministry in these difficult times.

We are blessed with insight and amazement as we discover how God has worked in various ways to deliver His people from their enemies. This coming month we will see a reliance on God's Guidance, need to give God Credit, God disciplining His people and then Instructions that seem "like a waste" but then lead to deliverance in an unexpected manner.

These remind us of the need to be constantly praying for God to lead and work. We also see the importance of remaining faithful, even if we don't see "what difference it is making".

Pick up a copy of our midweek study guide. It focuses on famous Bible characters and at what point in their life did God use them. Discover that He might have more ways to use your life, then you realize at this stage!

In December we will continue to see how God works through people in various stages of their lives to accomplish amazing things. One constant throughout, is the faithfulness of these individuals even before they are called for a special task.

GOD CONTINUES TO BLESS!

A multi-hundred dollar discount on our insurance policy, faithful sacrificial giving by God's people, and God's others blessings look to enable us to pay our annual insurance bill and other obligations without having to use any funds from our savings or CD this year.

Our leaders have contracted with a firm to assure that our parking lot is clear during the winter months. This commitment was not made last year due to budget concerns and were cleared manually. Improved financial situation gave them the confidence to accept this contract.
