"HE IS FAITHFUL!"

What a year... knee replacement, dealing with loss of vision, dealing with Parkinson's, flood damage, loss of loved ones, heart problems, pandemic; and that's just some of the issues our leadership has been dealing with. God has been with them every step. He has provided encouragement, resources, help as needed, guidance and blessed!

We are aware, more than ever, of our total reliance upon God, to be here as a congregation. God has provided the resources, blessed the ministry and opened doors over the past 12 months. We now look forward to see what He has in store in the coming months.

In the past 12 months, God has expanded the mission of this congregation to reach an additional 27 countries on a daily basis with Bible verses and encouragement to workers in those areas. He has blessed by providing 36 preachers in villages in India, through our help and encouragement. Children are being provided for in 2 more countries on a monthly basis (besides Haiti & Mexico).

God continues to bless our Food Distribution and connected us with a former member and their wife who are now partnering with us. Phil & Rene' Burley will be hosting distributions at their farm on the 4th Saturday each month through the end of the year. That will build on the nearly 5800 people we've already helped this year with 85+ TONS of

food. God has provided all the financial resources and volunteers—even through the pandemic!

God expanded our social media/website ministry with the addition of "live streaming" of our morning worship and a new website dedicate for helping parents teach their families God's Word. Let's face it; a year ago most of us didn't even know what "live streaming" was!

We continue to see God work to unite believers in the community through Prayer, Worship and Service!

During this month as farmers are harvesting their crops; take time to thank God for ALL HIS BLESSINGS & PROVISIONS!

Food Distributions

Volunteers are welcome and asked to be on site around 8 am. Work 1 distribution or as many as you would like as restrictions have been lifted from the pandemic.

We are pleased to see the numbers returning to "pre-covid" levels. September saw the provision to 135 families that represented about 428 people.
