Mission of the Month:

We have been involved with the Clio Area Human Services Fund for about 7 years. They have helped us distribute Gift Cards during the holidays and been instrumental with Food Distributions.

They provide the food “backpacks” for school children, so they will have food during the weekends, when the assistance they receive during the week from the schools is not available.

They help the schools provide health, hygiene and/or clothes to students who need them.

This organization has provided families with assistance for other expenses as well.

During COVID, they helped local businesses with money so that they could remain open.

This past year the Board added them to the “Missions” that we support. Part of every dollar given to Pine Run

Morning Worship

Nature continually reminds us of the need for diligence. Without it, we will find that gardens, finances, homes, our lives will become a mess and more difficult to get back to where we want them to be.

Unfortunately, diligence is required across a broad spectrum.

We see people who are struggling with health issues, finances, time, relationship, and/or career issues. One area will impact all of the others. It is IMPOSSIBLE for us to keep conscious control of all the areas. Our bodies tell us that, as there are a multitude of areas that do not require us to be aware or conscious of their function (breathing, muscle movement, nervous system, etc.)

SO WHAT’S THE POINT? God can do what we cannot! God can clean up multiple areas of our life simultaneously, where we struggle with one.

We need to be people of prayer. Our prayer life is enhanced by our knowledge of God and His Word. It is further enhanced by doing His Will.

SO: TO STRAIGHTEN OUT YOUR LIFE:

1. Pray
2. Spend time in Word
3. Spend time with Christians
4. Serve as God enables
5. Allow God’s Spirit to work!
