

Let God Speak to YOU!
Communication is important in EVERY relationship

<http://pinerunchurch.org/reading-his-word.html> .

Our present material from Corinthians was written to Christians living in a culture that emphasized and excelled in: Business, Trade, Education and culture. Christians struggled to remove the “worldly” ways from their lives. God speaks through the Apostle Paul to show how His way is far superior.

Spend some time with God in Corinthians and see what it has to say about our lives and culture today.

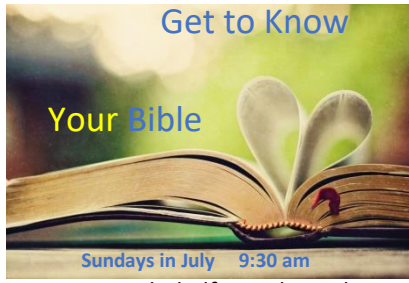

Take Time to Talk to God!

A woman asked for us to pray for her health (and we did). She went to the doctor for follow up and after getting the results, had the test done a SECOND TIME; to verify that the problem was completely gone (much to their surprise). Our God is constantly answering prayers and helping people through difficult times.

It's not surprising when we see God working in ways that we didn't expect. 6 people have helped with flowerbeds (only 1 actively attends right now); finances provided, young people coming in greater number, using our loss—to help us minister to someone else. God is incredible.

The more you think about it, the sillier it is NOT to go to God in Prayer!

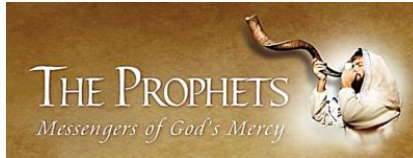

We are only halfway through our study of Revelation and we already know how it will end--- GOD WINS!!

The deeper we get into our study however, the more amazed we are at the depth of God's plan and how He has been working ALL THROUGH HUMAN HISTORY, to bring it to fruition and demonstrate that He means what He says.

Looking for encouragement, knowledge that God understands, you have a vital role in the work of the Kingdom, and more? This is a place you need to be!

Join us on Sundays at 9:30 for these encouraging messages for Christians!

Isaiah spoke to a people that thought they were God's Nation. They had become obsessed with “beauty”, “luxury”, “easy life”, what other countries thought (and did) and had drifted away from God and His teachings. God sends Isaiah to let them know that they were about to get a ‘wake-up call’. This would amount to serious changes of their world and lives. Times of suffering were coming. In the midst of that, God gave them hope and spoke of a brighter day for those that remained faithful.

Does any of this sound familiar? This midweek study that we make available is VERY SIMILAR to the messages we are finding in Revelation on Sunday! Get your copy in the foyer for this study!

GOD CONTINUES TO BLESS!

July will see the 100th leader complete the training in India. God has used us to plant the seed and begin that work. We are now looking for others to come along and continue to water and nurture it that it will continue to produce.

Lessons we have learned from the leadership training and social media to workers around the world, will be implemented as we expand our ministry here. We aim to further equip God's people for ministry, continue to build unity through Christ among believers and make a powerful impact among the leaders in our community as issues are looked at and addressed. This does not sound like a congregation on it's last breath, but instead one that God is reviving to do even greater things and touch more lives.

Continue to pray and seek how God can use you for the work ahead.
