

Let God Speak to YOU!
Communication is important in EVERY relationship

<http://pinerunchurch.org/reading-his-word.html> .

A few verses a day does not take long to read. The impact that it can have on your day, as you allow it to help you focus on priorities will be significant.

Each of the Bible books we are reading this year will begin with: What we believe and will then finish with: HOW this should change the way we live.

We see lives that continue to grow in Jesus Christ and their relationship with Him. Be one of those lives! .

Let God speak to you each day!

Take Time to Talk to God!

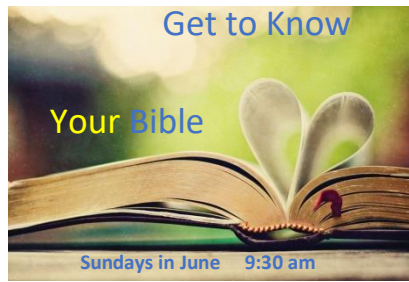

Brochures and bookmarks can be picked up in the church foyer. They contain topics, thoughts and scriptures that can help you expand your prayer life.

Phyllis Hensel wrote a letter (posted on church bulletin board) about prayers that were lifted up for the community years ago, that she now feels are being answered. The events at National Day of Prayer (expansion of programs, new people involved, cooperation) are a testimony of God working to UNITE believers.

During the National Day of Prayer we also took time to see how God is answering prayer and working in our community. Reflect on your own life:

- How is God at work
- What prayers are being answered

An amazing and enjoyable study in Revelation is taking place each week. We explore not only what is written there, but also look at other passages throughout God’s Word that uses similar imagery and language. You begin to see that God has revealed in small ways how He will punish, leading up to the end. We have found similarities in Genesis and Exodus to start with. We are also noticing that the punishments increase intensity as you go along. We keep reading about how after such signs, people still did not repent (similar to Pharaoh with the 10 plagues) until finally there will be nothing left.

We see God making special provision to deliver His people from such punishments. We saw examples of this with Lot, Israel in Egypt and how He continued to protect His people including in the New Testament Church.

What messages are you missing that would help you face life with greater confidence and assurance?

Join us on Sundays at 9:30 for these encouraging messages for Christians!

We will be concluding our studies from the life of Elisha and be moving on to Isaiah part way into the month of June.

We see God’s ability to protect His servants from enemy armies, use them to prevent disaster and suffering; besides warning people of the importance of being obedient to

God. Those that rejected the prophets, did so at their own peril.

Pick up your free copy of the study each week and see what God can teach you through these servants of God.

GOD CONTINUES TO BLESS!

Younger people in attendance, community leaders recognizing our influence, Christian leaders around the world being encouraged by our messages, regulars on our “livestream” are all ways that God continues to work and bless our efforts. We have daily social media that can help new believers, faithful servants; besides our website studies that go even deeper.

God has raised up 3 different people to help with the flowerbeds at the church, this year.

God has provide over a \$400 a month, savings on our utility bill this past month! His people continue to grow in their giving, besides.

What an amazing God we serve!

LIVE STREAMING & MORE!

Livestreaming begins around 10:30 AM on Sundays.
