

**Let God Speak to YOU!**  
**Communication is important in EVERY relationship**

<http://pinerunchurch.org/reading-his-word.html> .

Spending time in God’s Word each day will help transform your life. God promises (2 Timothy 3:16, 17) that it will thoroughly equip you for every good work.

If you’re not sure where to start, then simply follow along our DAILY BIBLE READING PROGRAM (found on our calendar, website or copies are available in the church foyer). This way you’ll find the Sunday Morning Message will delve deeper into something you’ve read this past week. You can also compare with others what you’re getting from the reading or ask question that you have.

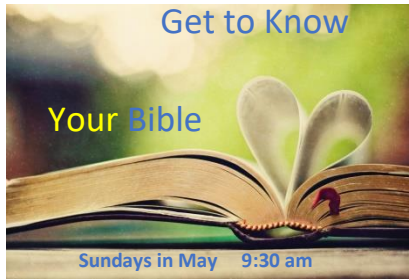

Let God speak to you each day!

**Take Time to Talk to God!**

While we are helping to lead the “National Day of Prayer”, we know that prayer is not only an everyday occurrence in our lives, but happens repeatedly throughout the course of the day. Some prayers are very short, thanking God, or praising Him. Other prayers that we offer are more extensive and detailed. Realize that whatever it might be, God is glad to hear from His children! His promise to answer in our best interests is a promise that we cherish and find that He is faithful to.

What answers has He given you? For what do you find yourself praising or thanking Him? Could our nation, or world use more prayer? Then let’s do our part!

There are countless opinions about the “meaning of Revelation” We are finding that when you look at similar Scriptures that use the same descriptions, it becomes much clearer. Those attending are finding answers, insight and a greater appreciation for God and this portion of His Word.

Join us on Sundays at 9:30 for these encouraging messages for Christians!

We continue exploring the ministry of Elisha during the month of May. The studies are available each week in the foyer.

Elisha is “less famous” than Elijah, but we are finding that there is much to learn and some important examples that help us in our walk with Christ today.

Pick up your free copy of the study each week and see what God can teach you through Elisha!

**GOD CONTINUES TO BLESS!**

We reached and have moved past our 155<sup>th</sup> Anniversary as a congregation. Documents have been added to our “history” along with some maps of what the area looked

like when the congregation was being formed.

God blessed the work financially in a major way through extra giving and some “savings”! The board approved removing a tree at the parsonage (cost of \$900) only to discover that the neighbor claims it is theirs and doesn’t want it removed. We will trust God to protect the parsonage and allow the neighbor to care for the tree at their expense. Needless to say, saving \$900 is a MAJOR BLESSING!

We have found ourselves taking a lead role in the planning and leading of the National Day of Prayer program at Noon in Clio. We are praying for WARM, CLEAR weather and for it to be used to unite believers in our community.

Keep the Food Distributions in prayer. We are being told that they are going to limit us to 1 Saturday delivery AND we can not take delivery on FRIDAY either. Fortunately, the demand is decreasing (back to pre-Covid levels) and the need for a second truck is becoming less.

Leadership Training in India, that we helped to spearhead and encourage is starting up with its’ largest group ever—40 people. That will bring the number to over 100 when they finish their studies!

**LIVE STREAMING & MORE!**

Livestreaming begins around 10:30 AM on Sundays.
