

Let God Speak to YOU!
Communication is important in EVERY relationship

<http://pinerunchurch.org/reading-his-word.html> .

Does it make any difference when we are “willing” to serve, versus feeling “obligated” or “have to” serve? Consider: King Saul (hesitant) and King David (willing); Jonah (hesitant) and Isaiah (willing); Joseph (hesitant) and Mary (willing). Quick observation would cause one to conclude that the “willing” are far more used by God and blessed. Explore the comparisons yourself.

Which of the people we will be reading about were “willing” and any “hesitant”? Shadrach, Meshach, Abednego, Elizabeth, John the Baptizer and Philip are some of the people we will be reading about in August. Let us know what you think!

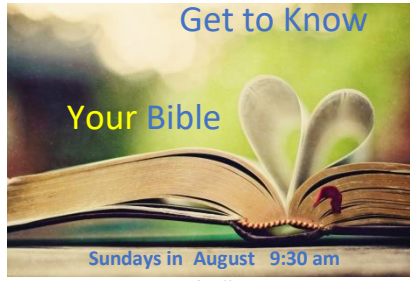

Take Time to Talk to God!

Taking time to “praise God” and “give thanks to God” will change you attitude each day. This new perspective will help you deal with challenges, see opportunities and learn to more quickly recognize God working in, and around you.

We have seen our families members impacted by our prayers, as they start to request more frequently for us to pray for them. Our concern for them and willingness to pray, also increases the amount of value that they place upon our advice.

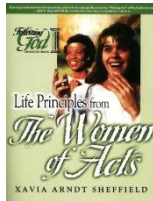

We have seen how God is willing to answer and go far beyond our expectations (health, life transformations, resources provided, etc.) Spend more time with God in prayer!

This study of “The Temple in Jesus’ Day” has been given us a greater understanding of God’s plan for mankind. It has also given us insight to the value and emphasis that we should place upon Worship, Repentance, and our attitudes.

The study has also revealed not only how the Hebrews had strayed from God’s plans, but helped us see how “well intentioned” believers today are making the same mistakes. It serves as a warning to study God’s Word for ourselves and follow Him faithfully.

Join us each week as we continue to let God teach us.

Women of the Kingdom

Pick up a copy of our “midweek”

personal study guiles and discover many of the ways that God worked through women in the first century church. Living in a Patriarchal society, these women found life and opportunity among the people of God. They would play key roles and make major impacts.

These studies are available in the church foyer; with a new lesson added each week!

BTW: If you missed out on one or more of the “Old Testament Prophet” studies (which again will be helpful next year); pick up a copy of the set in the church foyer or ask Paul!

God has been blessing us with visitors (whose families were once key workers; to those new to our community), growth by our newest member and wonderful times of worship and encouragement.

News from abroad (God adding to the Kingdom, encouraging workers, use of our resources in their countries, etc) has been a blessing to us. Seeing God working through the Missions that we support (additions to the body of Christ at Rock Lake, increased emphasis on servants of Christ at Great Lakes, expansion of ministry at ACMNP and people filling in at others) Besides all the spiritual growth and opportunities, we give thanks for as well.

God continues to provide and multiply our resources (Prayer Walk Park giving has accomplished 10x what we anticipated!) and influence (community leaders, among churches and workers in the Kingdom around the world). Let us continue to give of our best to the Master and see what God does!
