

Let God Speak to YOU!
Communication is important in EVERY relationship

<http://pinerunchurch.org/reading-his-word.html> .

A foreign contact noticed that many of our passages were in Genesis and concluded we were going back to the Old Testament to start the new year. Interestingly, we find these biographical studies not only spans both Testaments, but also has tremendous parallels with the Life of Jesus and our personal spiritual journey. This is brought into clearer focus with our Sunday Morning Messages which are based on the previous weeks reading. Once we begin to see the similarities it provides insight and help for dealing with the situations we encounter. We are reminded that God can make a tremendous difference in the end result. We also find comfort in knowing that we are not alone and others have faced similar circumstances.

Dig into God's Word and allow it to equip you for every good work!

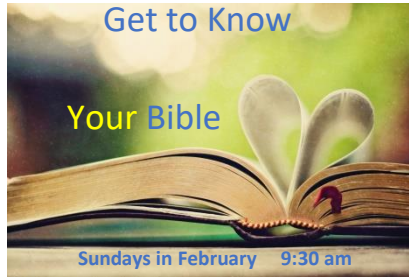

Take Time to Talk to God!

The Covid Omicron variant is touching every family it seems. Through this, God's people are finding more of their loved ones and friends turning to them for prayer. We have seen repeatedly that God can provide results that exceed the expectations of the medical "experts".

Let God work through you; as opportunities to listen, comfort and support others arise.

Every week that we gather is a reminder that God is at work and that He hears and answers the prayers of His people!

Worship for many is taken lightly. They view attendance as optional, preparation unnecessary, participation minimal and the impact negligible. This is a distant and sad result compared to what worship is MEANT to be.

Just a few weeks into our study of "Principles for Worship from the Tabernacle" has shown us that worship should be taken far more seriously than what it often is. When God calls for His people to gather, it should not be viewed as "OPTIONAL". It is a command appearance. Preparation was extensive and touched multiple areas of an individual's life. Their lives were changed as a result of that encounter and they recognized the presence and power of God among them.

If this isn't your "experience" perhaps you need to join our study and find out what you've been missing out on. You will find the discussion pertinent and eye-opening!

MIDWEEK STUDIES AVAILABLE

Each week, we prepare and make available in the church foyer, Bible Studies from the Old Testament Prophets. Principles from their lives about "Following God" will be studied.

January has focused on:

- Samuel
- Elijah
- Elisha
- Jonah
- Hosea

Learn about their lives, How God worked through them and most

importantly... how it can affect your view of your own life!

Take time to pick up a new sheet each week and see the message that God gave to His people about 2600 years ago, and see what you can find that would apply to our lives today! You will be amazed how relevant this material is!

We are so thankful for all that God does. He continues to work through us to keep the Food Distribution going each month, encourages workers around the world, heals those we've been praying for, keeps shaping our lives, working to unite believers in our area; to start with.

We learn from Scriptures, that the more we seek and draw near to God, the more He draws near to us and works in our lives.

We would encourage others to come, worship with us regularly, read His Word, spend time and prayer and discover for yourself what a difference He will make in YOUR life!
