

Let God Speak to YOU!
Communication is important in EVERY relationship

<http://pinerunchurch.org/reading-his-word.html> .

Reading about people used for leaders and workers is our emphasis this year. A close look at your life, will reveal that you can be a leader in your family, work, neighborhood, besides your community and world. That may seem daunting, but as you read this year, you will discover that God is able to take people from all walks of life and equip them to make a tremendous impact.

Learn the principles, Let God show you the way to not only being a "better" you; but improving the quality of life and eternity of those that you care about!

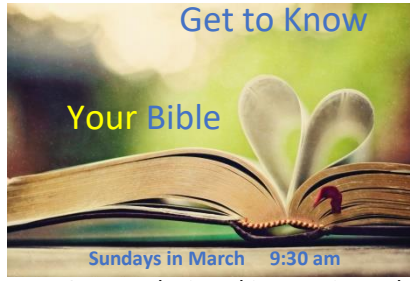

Dig into God's Word and allow it to equip you for every good work!

Take Time to Talk to God!

As COVID seems to be "dwindling" we are seeing an increase in the number of people around us requiring greater personal care and assistance. Surprisingly, those needing this help are not the "oldest" generation in their family. Our Seniors are doing their best to help care for their "children". They and other care givers could be helped by adult "children" stepping up and helping to lighten some of that load as well.

Ask God to raise up workers, along with growth in the Kingdom of Christ and wisdom for us, as we work to help our community address needs.

Our study is taking us into the required "sacrifices" that were to be offered in the Old Testament. These sacrifices were besides the "tithe" that was to be given at the "First Harvest" and the "Fall Harvest".

Sacrifices included:

- *Burnt Offerings
- *Sin Offerings
- *Grain Offerings
- *Peace/Fellowship Offerings

One conclusion that we have made is that Jesus sacrificing Himself, once for all, has made our lives and relationship with God much "easier".

Explore the difference that Jesus makes and the role that He has for YOU in His Kingdom ALL CHRISTIANS are to be PRIESTS. What does that mean? What responsibilities do we have? How are we to carry them out?

Nothing worse than being given a job with no instructions. God provides the inscutctions, come and explore them with us and see what offering our lives as "living sacrifices" is all about!

MIDWEEK STUDIES AVAILABLE

In March we will conclude our study of "Principles for Following God from the Lives of the Prophets" and will begin a new study the last week about "Principles for Following God from the Lives of the Kings."

Dealing with Depression, Developing Faith, examining our lives and how to Worship in Spirit and truth are the focus of the last studies from the Prophets.

Take time to pick up a new sheet each week and see the message that

God gave to His people about 2600 years ago, and see what you can find that would apply to our lives today! You will be amazed how relevant this material is!

After prayer by many, God made it clear that the time of our involvement in monthly Food Distribution was coming to an end. With the conclusion of that (God has put into place other provision to meet the diminished demand [down 80%]); it led us to wonder, what next? It was less than a week before we had our answer(s). Helping with assessment of needs in the community, Strategic Planning for the Schools AND helping organize for the National Day of Prayer.

In the meantime, we have been blessed with the faithful return of one of our members.

We are thankful for the faithfulness of our nucleus and continue to find many turning to us for prayer (or assistance) when they are in need.

God is faithful in providing for our needs and direction!
