REACHING OUT

God has been actively working in and through us. He has reshaped and focused our ministry, helped us to mature, set in place contacts and opportunities to minister, prepared us for the work and is calling us to follow

He enabled us to be in position and to have the resources and assistance that were required to meet the physical needs of people in our community. He placed us where we could be instrumental in guiding our schools, fellow believers and community leaders in the direction He wanted them to go. Doing so, increased our connections in the community.

He has made us more aware of people that need Jesus, that we are uniquely suited to reach. Families, friends, co-workers and partners are seeing our lives and creating opportunities for sharing the difference that Jesus makes. We are being asked to pray for them. Providing a place for people to reconnect with God and find the peace and hope that only He can give will be vital.

As we move forward, let us pray daily for those that need Jesus, continue to let our light shine, serve faithfully and encourage others to join us in our journey with Jesus!

May the Lord bless and add to our number those needing to be saved!

PEOPLE ARE HURTING

Rising costs, broken relationships, problems that loom large, uncertainty, not knowing where to turn or what to do; leaves people discouraged, hurt and feeling like things are hopeless. This is what the Devil wants.

We have an opportunity to help people turn their lives around. We serve a God who cares, provides, heals, offers purpose and a bright future. We need to introduce people to God and what HE CAN DO.

Focusing on a greater awareness of what people around us are going through is a start. Knowing how God has worked in our lives, helps us to share how God can work in theirs. Take advantage of meeting regularly with others to refresh ourselves and be encouraged through worship and fellowship.

Our Prayer Walk Park will enable people in our community to find a place of solitude and reflection. There they can see God's handiwork, be reminded of who He is, be thankful for what He has already done and turn to Him to help with the situations they are facing.

May God work through us to reach our community with the Love of Jesus. May He enable us to encourage and support others in ministry around the world. May His will be done!
