Mission of the Month:

This group has seen their budget grow from about \$20k to over \$100 K in the past couple of years. Their services have gone from helping a few families each

year with utilities and necessities to nearly 100 families monthly (food and other assistance [dental, training, utilities, repairs, school supplies, hygiene items, holiday benefits, etc.) This month they begin the push for “Christmas in Clio” which will culminate with distribution of goods on December 15 and 16th at the Mott Community College Campus in Clio.

They were originally started by the Clio Rotary and continue to work with that organization and numerous others. In October, the

two groups held a series of Leadership Workshops on:

Mental and Behavioral Health. Our presentation for “businesses” can be found on the home page of our website. The series concluded with a meeting to talk about how the community can help address these issues.

Right now, we are focusing on:

- Being Thankful

In December, we will make our emphasis:

- Meeting Needs
- Being kind
