

**Let God Speak to YOU!**  
**Communication is important in EVERY relationship**

<http://pinerunchurch.org/reading-his-word.html> .

Time to finish what we started!

This month :

**OLD TESTAMENT**

December will be challenging as we read through the last of the Major Prophets (Ezekiel & Daniel) and then cover the twelve “Minor Prophets”. Approximately 350+ years of history is covered in these books. Starting with the warnings to Israel (the Northern Kingdom who would fall to Assyria), warning to Judah (who would later fall to Babylon) and then finally messages to the remnant who are allowed to return and fill the land after 70 years of captivity. God lovingly warns, offers forgiveness and restoration to His people, just like He does today.

**NEW TESTAMENT**

These last 5+ books of the New Testament were written when persecution was reaching record proportions, corruption was making its way into the church and the faithful were being challenged by these. God offers guidance, comfort and assurance.

Revelation was intended to provide encouragement for God’s people to be faithful. We will be greatly rewarded and that will last for eternity. Don’t worry if you don’t “understand” everything; God promises to bless those who READ it!

Know that you will continue to get more out of God’s Word, every time you read. His Spirit will help that to happen.

**REMEMBER: Write down any questions you might have and bring them on Sunday so you can ask them (at Bible School, or after worship!)**

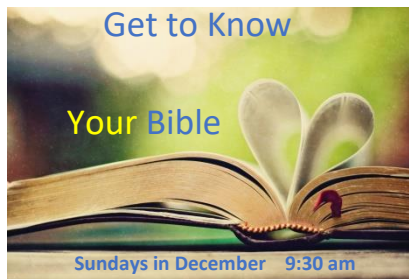

**Take Time to Talk to God!**

Use your time in prayer for:

- Praise
- Thanksgiving
- Requests (seeking God’s Will to be done).

Pray for yourself, loved ones, fellow believers and for the work of God to be carried out in our community and around the world. God has increased our opportunities, pray that relying on His strength and blessing, that we will rise to the challenge! May we finish the year strong and then be ready to:

**“Do More in ’24!”**

Join us as we go through the writings of Ezekiel, Daniel and the Minor Prophets. Join us each week to help as we can help you to better understand the context of the messages, the fulfillment of the prophecies and the lessons that they hold for us today.

Each week we begin with addressing any questions people might have from their Bible reading! Bring your questions!

**New Testament Study Guides Available**

Every Sunday, we include the Bible School lesson (Old Testament) and a new study guide (New Testament) for people to use at their convenience in

our bulletin! The New Testament studies are important for us to understand how we “fit in the body of Christ”, What is our “role”, What benefits we enjoy and how to deal with tough times (which we all face!)

This coming month lessons will be:

- Living Stone
- Live in Love
- John’s Vision
- Dragon Defeated
- Fall of Babylon

We are glad to answer questions from these studies as well! Take time to do these studies as they will help you remember and better understand what God is trying to teach you.

What a blessing to have the Coles from Ohio, join us for worship this past month!

Great to hear from and see those of our number that haven’t been in worship for awhile.

God is creating opportunities for us to have a greater impact in our community:

- Encouraging Thanksgiving in community
- Setting up “Community” emphasis to increase “love”
- Sharing Gospel Message during December at community events
- Challenging businesses to “invest” in their workers and community
- Helping leaders find answers
- Seeing God provide and expand ministry far beyond our “walls”

**LIVE STREAMING & MORE!**

Livestreaming begins around 10:30 AM on Sundays. On our Facebook page.

Keep up via our website:
