**LOOK WHAT GOD
IS DOING!**

GOD'S PROTECTION: The Miller's can attest that God was watching over them. They were "t-boned" by a vehicle doing in excess of 70 mph, not only lived through that, but have been back in service to worship & give thanks!

BUILDING CORE: Our "core group" that we can expect each week is growing and now reaches double digits again!

VISITORS: We have had more visitors from the community coming and checking things out!

PROVISION: Giving and support from outside our group is not only keeping our doors open, but allowing us to further develop the Lowell Mason Prayer Walk Park. This included a grant that "prohibited churches" but they found a "loophole" for our "tree removal & planting".

LOWELL MASON PRAYER WALK PARK: The progress continues with 2 trees removed, 6 new ones planted, first "colorized" artwork received and an alternate surface for mural suggested (long free standing panel just away from Purves Construction Building).

COMMUNITY HELP: We have been blessed with local businesses stepping up and using their expertise to help us further develop the park.

SPEAKING ENGAGEMENTS: Concluded June by speaking to the Rotary (Chamber of Commerce presentation mainly) and the Historical Society (Lowell Mason Story & Park).

SOURCE FOR COMMUNITY INFO: Our website has become the go to for:Community Groups

- Clio Directory
- Community Calendar
- Area VBS's
- Sponsorship Opportunities
- Yearly Clio Events
- Besides Prayer/Bible Study, etc

RECOGNITION BY LEADERS: The last Common Ground saw Pine Run mentioned by people on 4 different occasions, receiving praise for what we are doing.

FOOD TRUCKS BLESSED: Our two remaining food trucks have both mentioned how they have ALREADY had a great summer with sales. God is providing for them through other events so they can continue to provide at this location, besides!

ROCK LAKE HELPED: Our contacts has helped Rock Lake gain some needed expertise with a project they are looking to do.

WORKERS AROUND WORLD: Our daily devotions continue to encourage and provide teaching materials for Christians in other countries!

CHANGE

IS

COMING!
