Helping  
With  
LIFE

# The POINT!

October 2023

Leadership, as Jesus teaches, means meeting needs, sacrifice and setting the example. It requires searching for "God's Will" and striving to accomplish that.

Our leaders recognize what God is doing through the ministry: changed lives, Christians growing, impacting their families, our influence on our community and the missions that we support and providing for our needs to keep us going. This assures them that they need to keep responding to opportunities with faith. These are not "comfortable" choices, but require them to step outside their "comfort zone", take chances, and trust that God will provide as needed. It has meant trusting that God is in control when things happen. It is acting with the understanding that "By God's will" and our need for Him "every moment of every day"; is the only way to "live for Him".

The world doesn't understand and question the "logic". What we do know is God has

- kept the ministry going
- provided for our needs
- Changed school's direction
- Transforming businesses
- Community leaders looking to us to get things done
- Inspire workers around world by our service.

Recent decisions the past couple years has meant:

- Thousands spent on Building

Paul St. Louis, Minister  
(810) 441-4958  
Number 12

- New efforts of outreach
- Emphasis on prayer
- Expanded leadership
- Uniting the "region"
- Counseling missions
- Planning special programs next year
- More work on outreach in our community

It takes effort and patience to "rekindle" a campfire; but this is what God is doing. He has removed that which hinders, strengthened what remains, adding as needed to help us accomplish all that He wants us to accomplish.

Our role is not to "determine" what we "want to be"; but accept what God is calling us to be. Faithful in prayer, study, service and fellowship. Driven by a love for our Lord. Relying upon His Spirit to empower as His Word equips.

- Encouraged & Promoted Christians uniting in Prayer
- "Scarecrow Invasion" as business unite to create interest and enhance community
- Promoting How God can help people with issues in life at the Clio Can Do Race & Mental Health Leadership Series in October
- Uniting regional entities to work for common good
- Promoting Community and events
