School Administration
& Carter Middle School

Helping
With
LIFE

God is at work, even when it “seems” that “nothing is happening”. He is putting pieces in place, changing lives and preparing His people for the opportunities that are coming.

We can see how He is working in each others lives. Growth in desire for the Word, commitment to fellowship, ministry to family members, concern for each other and involvement in making a difference in our community.

God has been helping us build relationships that are now creating opportunities to minister and lead.

We are finding increased areas where we can help our loved ones know that God cares and will help them through.

We will continue to seek ways to help encourage and build up the Missions that we support.

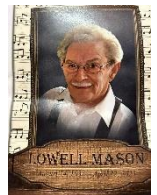

We will be hosting a Minister’s Meeting in September to try and strengthen the bonds and service to our community. We will invite others to join with us on Sept. 27 to pray for our Schools/Students and encourage their youth to work together to have gatherings at their respective school buildings. There will also be discussion on how we can help believers in nearby communities unite and see God transform their area.

We will be working with Community Leaders in “pooling” our efforts in serving the needs of our community. Encouraging struggling groups, building up others and seeing how we can work together will be emphasized.

We will be working with businesses in caring for their workers, becoming more efficient, working together and helping the community.

We will expand our efforts to unite the region on the “Pure Michigan Byway” designation for M-54 (that has received support from Flint to Saginaw already!)

Update on Lowell Mason Prayer Walk Park

September 27th we will invite people to gather at the Lowell Mason Prayer Walk Park at 7 AM to pray for our schools and students.

We are looking at using the park for an early morning gathering for next year’s National Day of Prayer. In June we are hoping to kick off a summer of Gospel Concerts by local Christian Singers. By June, the flowers should be coming out.
