**Mission of the Month:**

Intellectual, Spiritual & Personal Growth

Three months. That's how much time we have to convince the Higher Learning Commission (HLC) that this new era at Great Lakes Christian College is real. The stakes are high, and I need your help to continue the momentum.

In June 2022, GLCC was in deep financial trouble. One year later the picture is enormously improved! When the HLC visited our campus in April 2022 they were so concerned about our finances that they placed the College on probation. They gave us a year to turn things around. With God's help and the generosity of His people we have!

The HLC is sending a team to campus on March 25 to scrutinize our budget and financial statements and see what improvements we have

made. The best way we can ensure the peer review team recommends probation restrictions be lifted is to be in the strongest financial position possible when the HLC team arrives.
