GET READY... GET SET.... **GO!**

This month :

**OLD TESTAMENT**

We just finished reading in the New Testament about the “NEW HEAVEN” and “NEW EARTH” that God will make for us to enjoy (haven’t heard anyone really suggest that it will take millions of year for God to make those). Now we return to the simplicity of the original plan. Enjoy imagining how it all was at the beginning—fresh, unlimited potential, the peace and harmony. Then watch as God patiently works with people and helps them get to where we need to be and appreciate all that He has done.!

**NEW TESTAMENT**

Remember the confusion that you encountered as you went through Revelation? Enjoy the simple story of Jesus and His life. You might recognize (remember) a couple more names in the “family tree” then you did last year!

Focus on all that GOD DOES to share His love and show us a better way to live.

**REMEMBER: Write down any questions you might have and bring them on Sunday so you can ask them (at Bible School, or after worship!)**

**Take Time to Talk to God!**

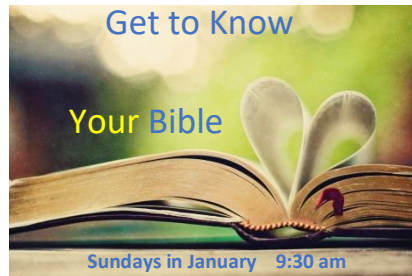

It’s a new year with 366 days--- look to God and:

- Praise
- Give Thanks
- Make Requests (seeking God’s Will to be done).

Pray for yourself, loved ones, fellow believers and for the work of God to be

carried out in our community and around the world. Seek that you can clearly see what God is calling for you to do and the people to impact. Pray that God will empower you to be:

**“Doing More in ’24!”**

It will be interesting to see how going through God’s Word together in 2023, will affect our perspective and insights in 2024! Join us each week as we focus on what GOD IS DOING! Through these observations, it will better prepare us to recognize His hand at work in our lives!

Each week we begin with addressing any questions people might have from their Bible reading! Bring your questions!

**New Testament Study Guides Available**

Every Sunday, we include the Bible School lesson (Old Testament) and a new study guide (New Testament) for people to use at their convenience in our bulletin! The New Testament studies are important for us to understand how we “fit in the body of Christ”, What is our “role”, What benefits we enjoy and how to deal with tough times (which we all fae!)

This coming month lessons will be:

- Focus on Happiness
- Disciples of Jesus (what’s expected)

- Jesus and “Rest”
- Kingdom of Christ

Use these guides to keep you actively involved in learning and hiding “God’s Word” in your heart, that it might be a light to guide and help keep you from sin..

So much has happened this past year, and we have been so “BUSY”; sometimes we just need to stop and look back and see ALL that God has done!

Just in December:

- Used us to get Christians involved in Christmas celebration in Clio and have Christmas Carols sung from one end of the “Candlelight” to the other
- Churches recognized by Mayor for impact on Candlelight
- Hundreds helped as Christians united community for the “Christmas in Clio”
- Nativity scene a key part of the community decorating
- Families coming together for worship during the holidays
- Called upon to help the community find “answers”
- More use of the Lowell Mason Prayer Walk Park and website for the holidays
- Best December attendances since 2019
- Website use up about 30%  
GOD IS GOOD!!
