Helping
With
LIFE

The POINT!

April 2025

God has expanded the 5 communities that are represented by those attending Pine Run; to 16 communities by those attending an additional 5 congregations in Clio.

God has worked, in answer to their prayers, to establish National Day of Prayer gatherings in 6 of these communities with work underway for the other 10!

God is uniting believers in prayer throughout this region, seeking for God to work and bless in their communities!

**GOD PUTTING
PIECES
TOGETHER**

We have seen God transform our community, making it more receptive to the Gospel, by creating connections with our schools, businesses and officials.

God has opened up the doors to connect with Business and Government officials in 7 communities stretching from Flint to Saginaw (note that Pine Run is in the middle!).

On April 1st (our congregations 159th Birthday), many of these people will gather at Pine Run to talk about working together for the benefit of all throughout this region. We will be leading that meeting!

Paul St. Louis, Minister
(810) 441-4958
Number 6

**PARTNERING
WITH NDP!**

God is at work through us, to help united believers through our region. We have reached out to the Michigan National Day of Prayer who have contacted 50+ people in Genesee & Saginaw counties. We have been reaching out to congregations in 15 different communities trying to encourage them to have a gathering where our local PRAYER WARRIORS can gather with their people on May 1st to Pray for their community and see how God can work through them. God has blessed these efforts and we anticipate every community from Flint to Saginaw having at least one gathering. Many have thanked us for leading, including the Michigan National Day of Prayer organization.

We will host a meeting on May 1st @ 7 AM here to pray for the local gatherings and our Prayer Warriors. At NOON; we will meet with others at the Clio Firehouse Meeting Room to pray together for the work of the Kingdom!
