### OLD TESTAMENT

These 39 books were written over a period of 1400 years; with events that range from what is present day: Iraq, Iran, Syria, Israel, Lebanon, Jordan, to Egypt. They span from the start of Creation and human civilization to the foretelling of the coming of Jesus Christ.

These books were written by numerous individuals in the Hebrew language. Actual copies of these exist on scrolls that date to around 100 years before the time of Jesus' birth. Their accuracy to present day Hebrew texts is impeccable.

Their content covers:

- God's plan for humanity
- Obedience/Disobedience results
- Wisdom for daily living
- God's message to the nations and promise of the coming of Jesus

### NEW TESTAMENT

These 27 books were written over a 70 year period in lands that span: Israel, Syria, Lebanon, Turkey, Greece and Rome. They span the immediate events surrounding Jesus' birth, ministry, death, resurrection and the first 70 years of "church" history.

These books were written by about 8 authors in Greek. Multiple copies of these go back within about 100 years or the originals and are accurate with present day Greek Bibles. (Compare that with 400+ years for the closest manuscript to the life of Julius Caesar). Their content includes:

- Jesus' life and ministry
- Start & growth of the Church
- God's plan for salvation

- Instructions for Christians
- Promises of end times, heaven and hell
