

Let God Speak to YOU!
Communication is important in EVERY relationship

<http://pinerunchurch.org/reading-his-word.html> .

We are starting in the Gospel of Mark for our daily reading in April. Mark geared his Gospel to those that enjoyed: ACTION, ADVENTURE, POWER and brevity! If you know anyone like that (how many have children at home right now?); then this is some daily reading that they will be blessed by.

Take Time to Talk to God!

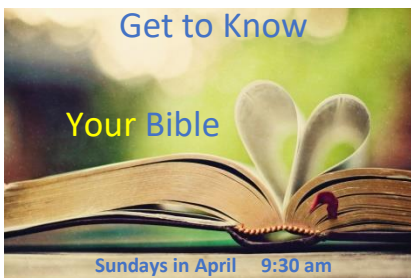

Tremendous attention is being given to the need for prayer regarding God providing healing and protection. We have also been noting, that God was very specific as to the conditions where such blessings would be given. The nation was to:

- Humble themselves
- Pray
- Seek God's face
- Turn from wicked ways

THEN God would heal their land (2 Chronicles 7:14). I've heard many calling for the blessings, but not many in society following through on the other aspects.

Let us continue to be the light in the darkness and do what we can to bring people back to God!

Many Christians know very little about the yearly feasts that God commanded the Hebrews to

observe. There was a reason for these feasts and the more that you know, the more you will understand the significance of what Jesus did and the incredible plan that God had in place all along. This coming months schedule includes:

- April 5: Feast of Weeks
- April 12: Feast of Trumpets
- April 19: Day of Atonement
- April 26: Feast of Booths

If you don't know what these are—YOU REALLY NEED TO COME; If you do know what these are—YOU REALLY NEED TO COME AND SEE HOW JESUS FULFILLED EACH!

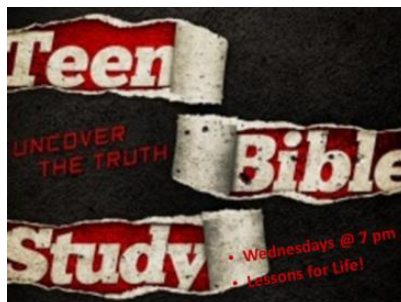

- Wednesdays
- @ 10:30 AM
- Keep up with how God is answering prayers

Study & Pray

Figure 1 "Numbers"

The Book of Numbers is fascinating as you see God bring order to a group of several million people in the wilderness. It's also been interesting to note how the tribes are arranged, based on the history of the patriarchs themselves. We see God taking time to recognize people by name, who were vital at that time, but are elsewhere never mentioned.

This reminds us that God desires order, has a plan, remembers His people and is always looking out for them and prepared for whatever happens.

Needless to say, the corona19 Governor mandate to stay in our homes, has limited the opportunity to have these home studies.

Jaydin is looking at getting a job this spring and we will see how that also affects the study that we have been doing with him.

**Teen Training—
Thursdays @ 7 pm**

Cleaning and disinfecting the church is being done to assure a healthy environment for God's people.

GOD CONTINUES TO BLESS!

We are blessed by people who are committed to supporting the work of the Kingdom. God is working through them to keep the bills paid each month.

He blesses not only through the money that He provides, but also through enabling us to expand our ministry in ways that we are able to absorb easily.

People are asking about if we will continue some of these new ventures after the pandemic is over. We will evaluate and see. Some, such as recording and posting the message could be easily continued, sending out packets weekly to everyone, wouldn't be needed, and we shall see about some of the other areas.
