

Let God Speak to YOU!
Communication is important in EVERY relationship

<http://pinerunchurch.org/reading-his-word.html> .

This months reading will show us Jesus sending out people to carry on the ministry. Their experience can help us better understand how we are called to live.

There will also be plenty of miracles and parables that demonstrate Jesus' power, compassion and wisdom.

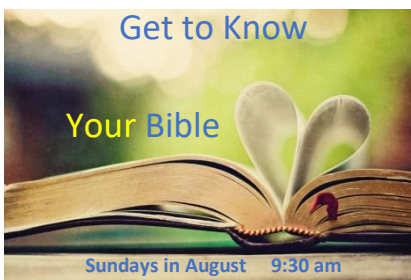

Spend time in God's Word daily. Allow Him to use it to further equip for the work that He wants you to do. Daily Bible Reading plan can be found in the church foyer, website and on our church calendar.

Take Time to Talk to God!

We are seeing Satan actively attacking and destroying lives all around us. People are being deceived and misled. Realize there IS something you can do about it! "If God is for us, who can be against us" the Bible teaches. Let's take our concerns for individuals and society before God.

Continue to pray for one another, because we need all the help we can get to carry out God's work. Pray for God to give us strength, courage and guidance!

We continue our study of "Battle Lessons" as we move through the book of Judges. This is timely message as we see what happens

when society strays from God and how it can be brought back. We are reminded that it does not require unworkable resources or numbers, but does require commitment and people of faith. Are you ready to step up? Do you know where to start? If not, all the more reason to join us for our weekly Sunday Morning study!

COMING ON SUNDAY MORNINGS IN AUGUST!

It is crucial for Christians to look at what is happening in the world and realize that it is vital that we allow God to work through us. We need to be showing people how to cope and find the answers they are looking for. If you feel OVERWHELMED by that, it is all the more reason for you to be with us EVERY WEEK In AUGUST. Your family and friends are going to need you to be there for them.

We will focus on:

for awhile and look to resume this Fall.

GOD CONTINUES TO BLESS!

We are thankful for the faithful people that show up each week to worship and serve. God is working through them to not only continue, but to help us EXPAND our ministry. We find foreign workers turning to us to answer questions, local church leaders seeking guidance, area agencies looking for our help, and the ability to connect with people through our "live-stream".

God has provided the financial resources as well. Increased giving by regulars, gifts from former members, memorial gifts, savings, and lower than expected bills are all tools that God has been using to help us. Many missions and area churches are struggling; having to cut services, staff and budget; we see where God has made us MORE financially stable than we were a year ago.

Let us continue individually and collectively look to God for His guidance. It may cause us to cut back in some areas, expand in others, but through it all we are witnessing the spiritual growth of His people and Kingdom!
