

Let God Speak to YOU!
Communication is important in EVERY relationship

<http://pinerunchurch.org/reading-his-word.html> .

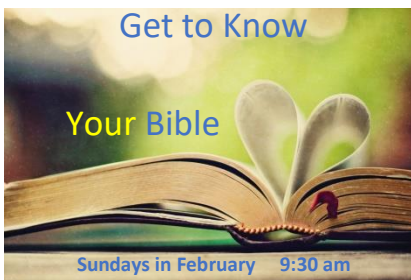

We have heard from some of our international contacts how this program is providing a blessing to them. 2 Children’s ministries are using the reading and devotional we send out via Facebook & Messenger to teach the youth.

How can God use this to impact YOUR life?

Take Time to Talk to God!

It is amazing that with all of the people in the world and issues they have; GOD IS NEVER TOO BUSY to hear from you. Faced with health, career, family, sin, or society issues that you can’t handle? God is there. He is also there to lighten the load on the issues you “can handle”. He wants to hear from you. Take time to talk, give thanks, praise and present your requests.

The weather has caused havoc with our schedule. Having an elderly congregation, we take extra measures to keep them safe when the roads start getting bad. We will continue (as the Lord enables) our study and looking at the various New Testament books and what each one is about in a “quick overview”. Join us and discover

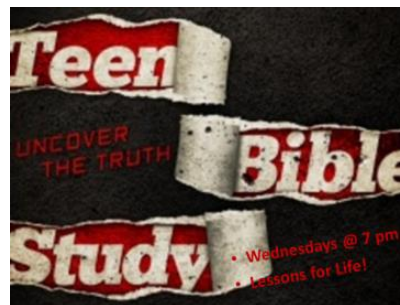

which books are closest to the situations that you are dealing with. Then determine which will be most applicable to your family and friends. (SPOILER ALERT!!!— Eventually you will discover that: “All Scripture is God breathed and is useful for teaching, rebuking, correcting and training in righteousness so that the man of God may be thoroughly equipped for every good work” 2 Tim. 3:16, 17) For now, start where you think it will do you the most good!

- Wednesdays
- @ 10:30 AM
- Keep up with how God is answering prayers

Figure 1 "Leviticus"

We have been discovering how God set up roles for a society that covered: labor, health, social, as well as crime issues. We will be seeing how the Feasts were used by God to unite the nation, keep them focused, and were fulfilled and completed in Jesus. Discover things from God’s Word you never knew!

We also take time to get caught up with what is going on in the lives of the people of Pine Run and now adding people from around the world and then lift them up in prayer!

Seeing God work in a teens life, helping them find their way, grow

to seek prayer for others and find purpose is an amazing process.

We have recently added a second study for a nearby family on Wednesday Nights. This is such an encouraging time to see the hunger and desire for God’s Word!

Teen Training— Thursdays @ 7 pm

Following a recent storm, we found water in the church basement. Water was removed, carpets dried and then Jaydin helped with the shampooing of the carpets.

GOD CONTINUES TO BLESS!

Turning things over to God and relying on Him to provide can seem “scary”; but will result in being amazed!

When you are trying to survive, losing two Sundays of income in a month can be catastrophic. God has provided through these times with people on Wednesday bringing their offerings, along with donations coming through the mail As a result all of Januarys’ bills are paid, quarterly bills are paid and utilities due first part of February are paid.

Then He also provides through savings. Recent flooding resulted from a broken sump pump. A member repaired for \$10; volunteers removed water and shampooed carpets at no cost! How many hundreds was the congregation spared, do you think? God is great!
