

<http://pinerunchurch.org/reading-his-word.html> .

Our New Bible Reading program will have you turning pages more frequently than our past plans. This year we are focusing on God's development of Leaders; so we can apply those principles to people we are trying to help grow in the Lord.

In February we will continue our study of Moses and instill a couple weeks on importance of loving people as God intends.

These principles will help us in our daily walk, relationships with family, friends, and can help us impact the live of neighbors, co-workers and people in our community.

God is providing us the opportunity to change the world. As you look at its' present state and values, you can see that we have a tremendous amount of work ahead.

Pray for God to teach and help you to lead others to a closer walk with Him!

An expectant mother and child that were not given much chance of surviving through childbirth are

expected to both be fine following the birth on January 31st. Person hospitalized and returns home. Another person who stops breathing and responding and then comes back. God creating great working relationship with the Clio Schools as they help promote the Food Distribution (wonderful notes from Superintendent and Assistant Superintendent), lives touched through benevolent work of the Food Distribution. Local congregations coming together. Furnace repairs and an easy winter leaving plowing, utility and repair bills lower than expected. New visitor, who used to be involved in the Campus Ministry at Western Michigan.

OUR GOD ANSWERS PRAYER!! Who do you know we can be praying for?

Figure 1 "Fulfilled Prophecies in Matthew"

Our Matthew study continues to enlighten us as we see Jesus developing leaders and being radically different from what people would have expected of the Messiah. His "radical" ministry however, is exactly what the prophets foretold.

Come and learn how this Jesus can challenge YOUR perceptions and thinking on how we should live!

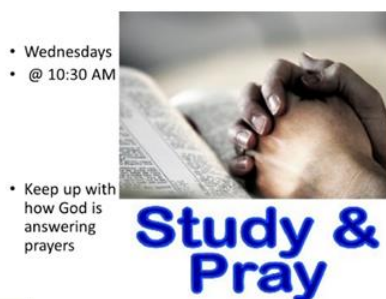

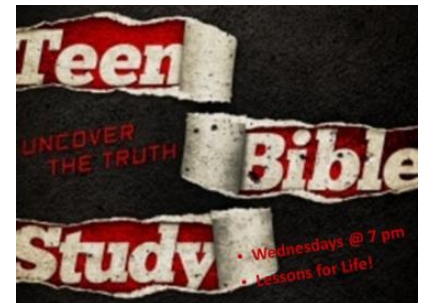

Figure 2 "Genesis"

Our studies in Genesis have been slowed by the weather. We have seen how God's methods of working with people are much different than many people's thoughts on the subject.. We are constantly seeing a God of mercy, grace, providing hope and deliverance of His people in this book. We are also seeing that when man tries to "improve" upon God's plan and timing that it leads to horrible consequences.

Join us for our study and prayer time as we look for God to intervene in the lives of those around us!

Taking Sunday messages and applying them to a teenagers life and situation is what this study is all about. For more information— see Paul!

Teen Training—
Thursdays
@ 7 pm

We continue to lead the efforts for the Food Distribution. This has led to a local company and Clio Human Services Fund to step forward and offer to pay for a truck that will provide meat and groceries (compared to the bread and veggies/fruits). More joint efforts are coming as well.
