

Back by popular demand: Printed Bible Reading Plans for the entire year. We have been (and will continue) printing the Bible Reading program on the Calendar and posting on our website:

<http://pinerunchurch.org/reading-his-word.html> .

Our program is taking us through the book of Acts where we are focusing on how God helps us to grow in Faith. The incredible growth of the first century church is clearly seen, but we are taking time to see what God was doing in people's lives to bring about these types of results. Sunday Sermons bring out these lessons and help us to see how they apply to our lives today.

This winter has seen many across the nation die as a result of influenza. Our prayers are being answered on a weekly basis as those on our list, have been restored to health after being diagnosed as serious or "critical condition". God has been restoring those with other conditions as well. We are also seeing God lead and expanding the impact of our ministry

through the Web, training of Millenials for service in the Kingdom, and sharing of the Gospel in National Parks; in addition to our other ministries that we have been involved in. Continue to pray for God to work in and through His people at Pine Run!

• Sundays
• 9:30

• Study of Missionary Journeys & Epistles!

We've just begun our second study of "Women of the Bible" Sarah has been interesting to see what her life would have been like and how God cared for her in situations that we would consider "hard to imagine" in today's world.

Our first study on Eve was fascinating as we saw how woman was created equal to man; man's punishment for disobedience was 3 times the length of the woman's (who was deceived). We see that God would continue to work through Eve to accomplish His purpose, even after she ate of the fruit.

These studies can now be found on our website:

<http://pinerunchurch.org/women-of-the-bible.html>

• Wednesdays
• @ 10:30 AM

• Learn about "Life of David"

• Keep up with how God is answering prayers

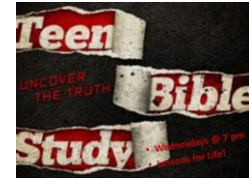

Study & Pray

Our study in Deuteronomy (Advice for the Younger Generation) has been fascinating to see the emphasis on serving the Lord and the blessings that would result. These lessons are to be taught by adults to their children and grandchildren, as they draw from their

experiences, to prepare the youth for the challenges that they will face.

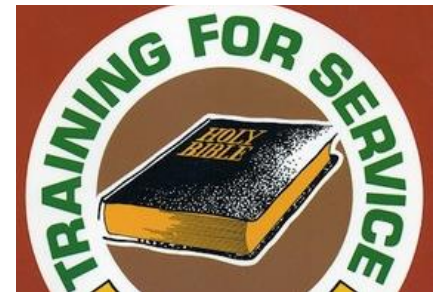

We are also seeing how God puts in place the structure to protect workers from abuse and the financial "security net" that He provided. Knowing that men would take actions, that He had prohibited, God also set guidelines to prevent abuse.

We are considering adding this study to others available online. Please give us feedback.

Wednesday Night Teen Study has been interesting to

see the realization sink in on what the church is intended to be; and recognition of those qualities at Pine Run.

Teen Training—Thursdays @ 7 pm

Recent projects have included: putting away Christmas decorations, sealing some cracks that were letting out heat and shampooing the carpets throughout the basement.

Upcoming projects will include cleaning the carpets upstairs and setting up for the "God Loves You II" Banquet.
