

<http://pinerunchurch.org/reading-his-word.html> .

We have spent the last 4 years going through the Gospels and many of the Epistles. These have helped us grow in our love for Jesus, expand our outreach to the community, find harmony within the immediate body of Christ and strive to further establish a cooperative spirit with other believers in our community.

This coming year, we will be learning how God develops leaders and how they in turn help others to walk with Jesus. Many people of faith will be read about (men and women). Sermons for the year will be coming from the previous weeks readings.

Large segments from the Old Testament will be included in this years reading. Letters to Timothy and Titus will be a part as well. Messages this Autumn will come from Revelation as we read that entire book as well!

You can find the daily bible reading on the church calendar, website or printed and located at the table in the foyer.

We have been reminded repeatedly throughout the year of the POWER of Prayer! We rely on Christ leading the church and know that He will provide the resources and opportunities. We anticipate growing participation in the Food Distribution, have seen increased response from Social Media posting as pictures from our Children’s program have been included, witnessed the explosion of viewing of our website, experienced cooperation of fellow believers in the Clio area, been blessed with greater response by area groups, extended family participate in services besides the healing and help provided to individuals on our prayer list!

Figure 1 "Gospel of Matthew" Study

Growing up learning about Jesus, keeps us from grasping how “radical” His teachings were for the Jews. A closer look is showing us how different Jesus’ teachings were from the religious leaders teaching of the day. People were seeing someone who cared, got involved, and welcomed all equally.

Join us Sunday mornings as we continue to explore not only how unique Jesus’ teaching was then,

but also how it challenges us to evaluate our beliefs and daily walk!

- Wednesdays
- @ 10:30 AM

- Keep up with how God is answering prayers

Study & Pray

Figure 2 "Studies in Genesis"

The genealogies of Genesis have provided insights to life on earth and how the early stories of man could have been passed on so that cultures all over the earth, have similar teachings about creation and the flood. We are also discovering that the events of Genesis are reflected in current events, as well.

We will be heading into a study of God selecting a people and then working through them, to make His ways known to all of mankind.

Join us on Wednesdays for this time of study and prayer!

Taking Sunday messages and applying them

to a teenagers life and situation is what this study is all about. Helping teens deal with the reality and challenges of life are crucial skills that they need now.

**Teen Training—
Thursdays @ 7 pm**

Affected by the holidays and other events have limited our involvement this past month.
