Semi-Truck
of Food**

Feeding America is a partner agency with the Food Bank of Eastern Michigan. They have made a one time offer of a semi-truck of food to be distributed in March, but it cannot replace a previously scheduled distribution.

possibility of taking advantage of this opportunity we realized there would be 5 weeks between normally scheduled distributions; along with "Spring Break" at the schools occurring during this time period. Families would lose out on their support of breakfasts, lunches and the food backpacks during that time. It was decided that the start of "Spring Break" would be a great time to offer this larger volume of food (this truck will hold almost double what we normally offer.

Furnace on the mend!

It took multiple visits from the furnace people and gas company, but it would appear our furnace is back and working as needed!
