Time to be filling the gaps!

The moving on by Loretta Malin to the reward that God has promised is a time of celebration for the Victory in Jesus. Her departure also reminds us of the gaps that are starting to form in the ministry and the necessity of God raising up people.

Our Senior Saints continue to do all that they can. Health issues and the departure of others is creating opportunities for service. We need to pray for God to raise up workers and continue to do what we can.

We are thankful for "new" people that He has brought into the body. These have lifted our spirits and are helping to stabilize the work. We are thankful for Jaydin Moore stepping up and helping with maintenance and cleaning around the building. More volunteers for: cleaning, decorating flowerbeds, flowers around the church, financial record keeping, serving

communion, helping lead singing, encouraging, teaching, providing transportation and office assistance would be a blessing and lighten the load of others. Pray that God will open peoples eyes to opportunities where they can help!

**Loretta Malin
Memorial
Flowerbeds**

February Board Meeting resulted in the decision to designate the front flowerbeds at the church in Memory of Loretta Malin. She won awards for her gardens through the years.

Loretta was such a vital part of the congregation, brining joy and life and it seemed appropriate that the flowerbeds be done in her memory. The beauty, joy and life that they display to those passing by will help her legacy live on.

Here, several people would work with her over the past few years and we are counting on their continued help.

Contributions and volunteers to do justice to this area are welcome. If you are planning on helping, let Paul know so that we can coordinate our efforts and make the greatest impact!
