

### Lowell “Buddy” Mason

“Buddy” has stayed in touch with the congregation through the years. His friendship have been an encouragement to many.

He reached out to send his condolences upon hearing of Loretta Malin’s being called home. He remarked on how they had been friends for so many years. (They went to High School together).

Those connections with people who have grown up and then gone out to serve are special. They know and appreciate the congregation, and the congregation knows and has a special bond of ministry with them. Continue to savor the Lord blessing us with being a part of “Buddy’s” ministry and pray for the work daily!

### David & Dawn (Berry) Degler

The preparations are underway for another season of ministry at our National Parks. Schedules are being laid out and implemented. Training will be taking place,

coordination the 300+ college workers and making sure everything is in place for the coming summer.

Pray daily for the work to be carried on. Diligence for the work and lift up not only the workers, but also the people that they will be ministering to. May God prepared the hearts of these people to receive the word and be encouraged so that there might be fruit.

### David Anderson

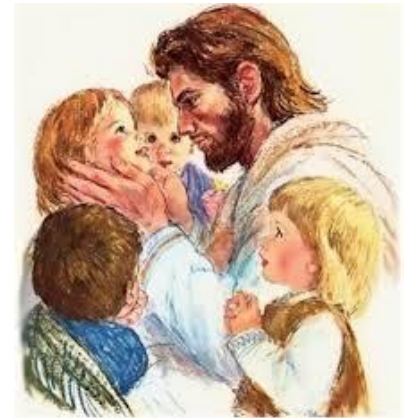

David has moved far from Pine Run to Hawaii. He missed the two weeks of snow here, that caused services to be cancelled. He did not miss out on snow altogether, however, as Hawaii also received some snow during that time.

Even as we share occasional similarities in weather, we also share similarities in challenges.

Pray for strength and perseverance for the work that needs to be done. May he find encouragement as lives are touched by the Lord. May he be faithful and a shining light to those that he is around daily.

Give thanks for the faithful mother and grandmother that helped show and exemplify the faith!

Praise the Lord, that as we look west, we can see God using the results of our ministry in Colorado, Missouri and Hawaii!

### Teaching the Word (through our Website)

God continues to expand our ministry through our website. We are pleased to announce our new “page”: “Women of the Bible” <http://pinerunchurch.org/women-of-the-bible.html> is one of the most popular this past month.

The number of pages viewed in February (with 5 days left) is approaching double of the pages viewed last February and is already the best February ever. Bible Stories remain popular along with pages that chronicle our programs. Each month the website grows (new calendar, newsletter and now Bible Studies on Women).

Facebook is another way to keep up with the growth of the website. As new pages are added (contact and link to A Christian Ministry in National Parks for example), notice will be given on Facebook along with a link to the new page or info. Facebook also helped us encourage and provide people with links to resources when snow cancelled services.

Amazing how God is using technology at Pine Run to reach out to so many others!
