

NEW PROJECTOR

Is AWESOME!

What a difference! The brightness of the picture despite the sun shining through the windows is incredible. The clarity, color and sharpness of the image are impressive.

The projector has been broken in through worship services, used to play a portion of a video on Easter, and a special "Easter" powerpoint presentation that featured numerous beautiful pictures that enhanced the message of the songs.

One person said they expected we would have to pay 3x as much to get such quality. Thanks to Deanna Jones for helping us track down precisely what we were needing and to the donors who helped finance the purchase and most of all God who brings all the pieces together in HIS time!

How blessed we are to go to the Lord with our praise, thanks and concerns. He savors our prayers and sees that all things work together to those who love Him and have been called according to His purpose. Healing, provision, guidance, visitors and more are among the blessings we have enjoyed over the past month in answer to our prayers.

- Study in the Major Prophets!

We are reminded as we study Isaiah, that those the names and places may change, God's power and lessons for man remain the same. It is incredible to think about God telling His people about the next 200 years of human history, and then to realize He goes far beyond that to talk of Christ's coming and sacrificial life. God doesn't stop there, He goes even farther into the future and speaks of eternity. What messages from God are you missing out on by not joining us for study on Sunday Mornings. The class is growing, but there is still room for more!

Study & Pray

We have concluded our journey through Psalms. Every aspect of the human experience can be found (elation, despair, emotional transitioning, uncertainty, God's revelation being shared, reminiscing and more). The longest psalm (119) contains 176 verses with each one emphasizing "learning and living" God's Word.

Our study will now move to a "character study". Our featured individual will be David, writer of many of the psalms.

Our Teen study will be focusing on being the "employee" that God wants us to be. What does God say, how will it affect our future career and relationships. Hard to believe that our teens are now old enough and looking to get jobs. Pray that they will allow God to help them be the best worker they can be!

Spring has sprung, and the work has just begun. Youth will be moving outside to help with the flowerbeds around the church, besides occasionally helping with office and cleaning work.

They are following in the hard working path of our Senior Citizens who in their 80's and 90's volunteer to help with decorating, cleaning, meals, handling business affairs and so much more
