

Are you one of the 100+ people that have stopped by our facebook page? Great way to stay current!

pinerunchurch.org

With a few days remaining in April, (as of this writing), our website has been visited nearly 400 times this month with almost a thousand pages viewed. Don't underestimate how God can touch lives through the ministry of Pine Run. It can't all be seen on Sunday mornings!!

Mission of the Month:

Our closest Christian Camp is located less than half an hour away in Columbiaville. It was started and supported by Detroit Area churches along with Jackson. Held at a Methodist Church camp and later a Boy Scout Camp in Jackson, before moving to Columbiaville where it has enjoyed it's own property. This enables a wider offering of weeks along with retreats for adults.

May 21st following Morning Worship

Ray & Gladys Retiring?

Due to issues with his sight, Ray Carlson will be "retiring" from cleaning the church and assistant Treasurer. Ray has volunteered to clean for over 16 years and can be found faithfully vacuuming, washing the floors, dusting, straightening, setting up for services, communion, printing the bulletins, repairing and maintaining the building. His service has been such a blessing through the years.

He has done the computer work for Gladys as she served as Financial Secretary.

They will remain active, filling their pew each week, attending studies, helping out as possible and praying for others. Their example of faithfulness and perseverance can be found in lives of others at Pine Run as well.

We are so blessed with the dedication and service of all of our Senior Saints! May we give thanks to God for their service and inspiration!

Thank you

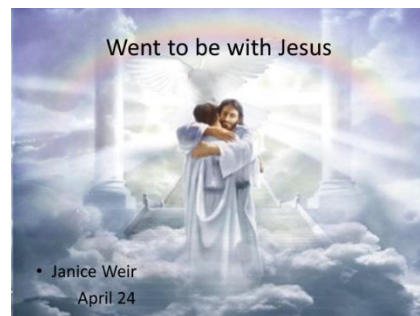

Meet our

NEW Janitor!

Larry Sandusky will be taking over for Ray Carlson beginning in May as our church janitor. He has recently been employed full time in Grand Blanc and will be cleaning, setting up, maintaining and making repairs as necessary. Due to working full time and having his children on the weekend, you may find him at the church during the week in the evenings getting things done.

Continue to help make his job easier, by leaving the building in just as good of shape as we find it each week. We appreciate Larry's willingness to volunteer and see the building continues to stay in good shape!

Janice Weir was actively involved in teaching and helping around the church for many years. Her children grew up at Pine Run and she remained faithful as her health allowed. About 4 years ago she entered the nursing facility in Frankenmuth. During a recent visit, she mentioned taking computer classes, moving to the first floor; and on another recent visit talked about living to 100!

The Lord had a different plan and she has now been called home. The family will have a memorial service for her at some time in the future. Rejoice in her victory, pray for her family and be inspired by her service to the Lord!
