

Lowell “Buddy” Mason

We have been learning in Bible School how the Apostle Paul kept in touch with the church that sent him out. Stopping in following journeys and getting messages to them of what God had been doing through Paul’s ministry.

In like manner, Buddy keeps us informed on God’s work in his life. We were encouraged to hear that Duke and Buddy had a joint concert this past month. Probably seems like forever because of his neck surgery.

It’s also good to hear from him regarding local events the he hears of. Recently he contacted us regarding the five teens that were responsible for killing a man by throwing concrete off an overpass and onto vehicles passing underneath. What a blessing that he continues to remember and pray for us!

Pray for him as he enters his 71st year of Gospel Singing ministry. God has used him to be a blessing, her, across America and around the world!

David & Dawn (Berry) Degler

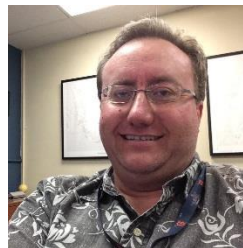

We appreciate and continue to pray for David and Dawns ministry out west. What a blessing to watch the video clip that he posted of a worship service on the rim of the Grand Canyon What a powerful reminder of the splendor of God’s creation; yet among the vastness, God cares about the tiniest details of our lives

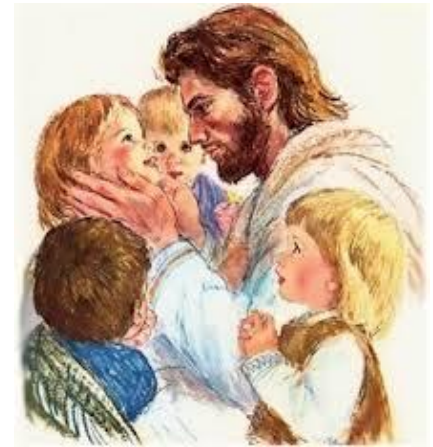

It’s interesting to see David and Dawn promoting High Rise Ministries that is trying to start up in Bangkok Thailand. That country is surrounded by others that are among the top 50 in Christian persecution. Last thing we’ve been able to learn is that High Rise is still trying to raise the legal funds to form a mission in that country.

Pray as they continue to be active in ministry and seeking to promote the advancing of the Kingdom of Christ. Jesus told us that the gates of hell would not be able to withstand the aggressive spread of the Gospel.

David Anderson

Continue to keep David in prayers as he pursues his studies and serves in a home church. The day to day grind can become discouraging but is vital for the stabilization and discipleship that is necessary to create a work that sustains itself over time. We are thankful that he has role models in his mother and grandmother of faithful service over long periods of time. May he continue to be found faithful!

Teaching the Word (through our Website)

October Board Meeting included a review and vote about continuing the church website. The board is pleased that it encourages people in Michigan, Ohio, Missouri to Hawaii and beyond with what God is doing among us. They also mentioned how it is used regularly to teach of God and His love through the lessons that are made available on our website: <http://pinerunchurch.org/child-development.html> Lessons include where the Bible came from, Bible Library and stories from Genesis through Malachi. Plenty of artwork helps tell the stories. 32 different lessons can be viewed. They commented how this is one of the vital parts of our Mission and the encouragement of knowing that we are reaching far beyond the walls of the building

Christian Living Studies can be found on our website as well:
