New Covenant Church in Clio

Around 500 people were helped in September at City Church with over 11 tons of food. This required the truck to unload, return to the Food Bank and then

come back. We were grateful for the patience and understanding of the recipients and volunteers! Volunteers are always welcome and appreciated!

We recently met with some area agencies to assure that displaced workers would have sufficient food during this time. There is a system in place. We will also monitor any "extra" demand at our Food Distributions. If it is more than we can easily accommodate, we may offer a second distribution in the month with costs being taken care by another group.

We are so grateful for the local churches working together. The schedule for 2020 is complete. At the September Distribution, the Clio Area

Ministerial Association was presented a check for over \$2900 from the Bethany United Methodist Church. The ministerial association will be taking care of the costs of future

Working WITH our Schools!

We are pleased to have sponsored a time of prayer at the Administration building on the "See You At The Pole" prayer day. We are proud of the progress that our schools are making and continue to seek God's blessings upon their efforts. A touching moment occurred when a 3rd grad home schooled girl offered up her prayer for the children and teachers of Clio. Training up a new generation to be prayer warriors!

We are also involved in working with the Strategic Planning for Student Achievement and Curriculum in the district. This requires a monthly meeting be attended, but allows us to encourage and give input on the direction of the teaching of the youth of the community.

**October 19th 10 am
Clio Country Club**

The Run/Walk will be held on the fairways of the golf course. The event will be filmed by an overhead drone. All participants will receive a medal. Healthy snacks, refreshments and lunch will be waiting at the finish line. There will be displays highlighting services that are beneficial to families in our area.

We will be involved at the finish line, manning a booth for the Clio Area Ministerial Association. It will include Food Distribution information, projects of the association, brochures highlighting the support churches and some special "surprises" that should interest young and old alike!
