LIFE

Bringing Blessings to our Region!

God has blessed Vienna Township and Clio through our ministry over the past several years. Benevolence, Schools, Business Climate, Relation with Community Leaders have all grown as God has worked through us.

Back in February we asked those living in other communities to be praying for THEIR community. God raised up Prayer Warriors for 15 other communities (4 from Pine Run).

God opened the door to reach, and bless the region through our spearheading the "Michigan Living" ByWay that connects Flint and Saginaw; helping us develop working relationships with Business and Government leaders at the same time.

God then created opportunity for us to spearhead the Michigan National Day of Prayer efforts for Saginaw County; while being active in Genesee County; thus helping us impact the entire region again!

God enabled us to bless the School Districts in Clio, Bridgeport, Birch Run, Flint and Mt Morris with resources for school supplies for families.

As we prepare to be involved in the Christmas for Clio; brining blessings, love and help to those in need, we are asking for residents in other communities to identify a group that we could assist. In October we will be collecting toothpaste for the Christmas in Clio

people (goal of 600 toothbrushes) with additional resources outsourced to agencies in other communities. In November, we will turn our attention to Gifts for the youth of Clio and again provide additional resources to agencies in other communities.

We pray that God will work through all these efforts to draw people to Jesus and His love!

UPDATES!

God has blessed our efforts of brining a ByWay designation to M-54 (connecting Flint & Saginaw, via Frankenmuth), this past month.

Projects that were underway have been finished with new ones starting on time. An informational meeting in Flint in September brought new participants to the project. Our County Commissioner, Martin Cousineau has been active promoting the endeavor as well.

Commissioner Cousineau comments brought the project to the attention of MLIVE in Flint. They ran a series of photos with information and then also ran an article about the project.

The next informational meeting will be held on October 6th in Saginaw and we are praying that more groups from Saginaw County will join the effort.

Be keeping this project in prayer that it will not only be a blessing to businesses in the region, but also build working relationships which God can use to impact lives!
